

NEPC INDIA LTD

**EDUCATIONAL INSTITUTIONS,
HOSPITALS AND COMMERCIAL
ESTABLISHMENTS**

As per Tamil Nadu Solar Energy Policy 2012, all Schools, Colleges, Hospitals and Commercial Establishments in the state have a solar purchase obligation (SPO) mandatory to meet 6% of their power usage from solar energy. NEPC Solar has started extending its arms to help organizations in achieving this obligation.

The first installation for a school in Chennai, Tamil Nadu of a 10.5 kW solar system has been successfully installed in the first week of March 2013. More such projects are in the pipeline.
